

NICLAS KNECHT

Hamburg, Germany

EDUCATION

PhD Economics

September 2023 – June 2026

University of Bordeaux (Bordeaux School of Economics, BxSE)

Bordeaux, France

- Research focus: behavioural and experimental economics, welfare economics, political economy;
- Dissertation: *No Minor Threat: Emotions, Behaviour, and Economic Outcomes*;
- Funded through the Grand Programme de Recherche ‘Understanding Human Well-being and Behaviour for better Policies & Societies (HOPE)’.

MSc Economics; Grade: 1.3 (German scale, 1.0 = best)

September 2019 – October 2022

University of Mannheim

Mannheim, Germany

- In-depth training in microeconomics, macroeconomics, and econometrics, with additional specialisation modules;
- Focus areas: statistics, behavioural and experimental economics, and sociology;
- Master’s thesis: *What Effect Does Relative Group Size Have on Trust? Evidence from the Lab*.

BA (Hons) Economics; Classification: Upper Second Class Honours

October 2015 – June 2018

Trinity College, University of Cambridge

Cambridge, United Kingdom

- Thorough training in microeconomics, macroeconomics, and econometrics, with mathematical and statistical methods for causal impact analysis;
- Interdisciplinary perspectives from history, political science, and sociology, with a focus on development economics;
- Bachelor’s thesis: *How Does Terrorism Affect Tourism?*

Abitur; Grade: 1.1 (German scale, 1.0 = best)

September 2006 – June 2014

Hansa-Gymnasium Bergedorf

Hamburg, Germany

WORK EXPERIENCE

Doctoral researcher (doctorant contractuel)

September 2023 – August 2026

University of Bordeaux (BxSE)

Bordeaux, France

- Independently designed and ran randomised online experiments in collaboration with psychologists (LabPsy, University of Bordeaux), including experimental design, data collection, cleaning, and analysis;
- Analysed large cross-country panel, survey, and event data (SOEP, GTD) using quasi-experimental methods;
- Collaborated within an international, interdisciplinary research team spanning economics, psychology, neuroscience, political science, and management as part of the Grand Programme de Recherche HOPE, coordinating with international co-authors including colleagues at the London School of Economics and the University of Gothenburg;
- Prepared and presented empirical analyses to an international academic audience, including at the ESA European Meeting (Brno, September 2025) and IMEBESS (Valencia, May 2025).

Economics Intern

E.CA Economics

April – July 2023

Berlin, Germany

- Cleaned, linked, and analysed heterogeneous company and market data sets in antitrust proceedings (one cartel case and two abuse-of-dominance cases) in the fields of copyright, household appliances, and construction;
- Conducted quantitative analyses in Stata and produced visualisations as the basis for expert reports for use in legal proceedings;
- Communicated analytical findings to non-technical stakeholders in client presentations.

Research Intern

German Council of Economic Experts

February – April 2019

Wiesbaden, Germany

- Conducted a quantitative impact analysis of GRW investment subsidies using an instrumental variable approach in Stata, including data cleaning, visualisation, and interpretation of results;
- Presented quantitative findings to the research staff and communicated empirical results in discussions with policymakers;
- Contributed editorially to the 2019/20 annual report.

TEACHING EXPERIENCE

Teaching Assistant

University of Bordeaux (BxSE)

October 2023 – July 2025

Bordeaux, France

- Prepared and led weekly tutorials on quantitative methods for master's students, conveying statistical and econometric concepts (including OLS regression, causal inference, difference-in-differences) in an accessible way;
- Prepared and administered exams.

Teaching Assistant

University of Mannheim, Chair of Microeconomics

October 2020 – August 2022

Mannheim, Germany

- Prepared and led weekly tutorials on household decision-making, producer theory, game theory, and welfare economics for bachelor's students (Microeconomics A and B);
- Supervised two groups of 30 students each, including support with subject-matter questions and exam preparation.

SKILLS & ENGAGEMENT

Languages	German (native), English (C2), French (B2), Spanish (B1).
Software	Microsoft Office, Stata, R, Python, CSS, HTML, LaTeX, Git, SQL, WordPress.
Methods	Randomised experiments, causal impact analysis, quasi-experimental methods (including synthetic control, difference-in-differences, instrumental variables), panel data analysis, data cleaning and linking, and analysis of fMRI and EEG data.
Academic volunteering	Doctoral student representative for EES and BxSE (2024–2026); expert on the Welfare and Policy (WAP) team (2024–2026); co-organisier of the second WAP Conference, Bordeaux (May 2025).
Volunteering	NABU (since 2026); Sonnenscheincafé Hamburg (since 2026); Treasurer of the Trinity College Student Union (responsible for a budget of approx. £60,000, 2016–2017); English teaching in Kunming, China (2017); refugee support in Oststeinbek (2015).
Further training	ToChina Summer School, Turin (June 2025); International PhD Winter School (IT18), LISER, Canazei (January 2025); Bordeaux Summer School 'Introduction to experimental neuroscience' (July 2024).
